## Sheer joy of sliding on ice!

Have you always wanted to glide gracefully over the ice without falling, but found yourself doing a split every time you tried to skate? With summers in full swing and the break for schools round the corner, iSKATE — India's first and only all-year ice skating rink and café is offering a cool respite for adults and

kids over 5 years. An exciting opportunity to “cool down” while learning new skills, these tailor made sessions on ice skating and figure skating are available in groups as well as for individuals at attractive prices starting at ₹800 onwards per session. Experienced ice skaters will teach you how to tell a beautiful artistic story on ice through graceful and harmonised skating in a controlled environment under the guidance of professional trainers from US, Canada, Russia as well as medal winners from the National Ice Skating Team. The group sessions that begin at 8am, Monday to Sunday, will train participants on basics such as tying laces and balancing to advanced skills such as reverse skating, jumps, spins as well as posture enhancement.

To experience a form of sport that is relatively new in India but is widely popular in the West and even become a master in it, iSKATE will be there to assist and nurture participants with world class training facilities and equipment.

After the training sessions, the guests can avail entertainment facilities at the iSKATE such as karaoke room, in house DJ, party room and relish the specialty food and beverage options as well as gourmet ice creams.
